FACTS OF CATS

CATS ARE ONE OF, IF NOT THE MOST, POPULAR PET IN THE WORLD.

THERE ARE OVER 500 MILLION DOMESTIC CATS IN THE WORLD.

CATS AND HUMANS HAVE BEEN ASSOCIATED FOR NEARLY 10000 YEARS.

CATS CONSERVE ENERGY BY SLEEPING FOR AN AVERAGE OF 13 TO 14 HOURS A DAY.

CATS HAVE FLEXIBLE BODIES AND TEETH ADAPTED FOR HUNTING SMALL ANIMALS SUCH AS MICE AND RATS.

A GROUP OF CATS IS CALLED A CLOWDER, A MALE CAT IS CALLED A TOM, A FEMALE CAT IS CALLED A MOLLY OR QUEEN WHILE YOUNG CATS ARE CALLED KITTENS.

DOMESTIC CATS USUALLY WEIGH AROUND 4 KILOGRAMS (8 LB 13 OZ) TO 5 KILOGRAMS (11 LB 0 OZ).

THE HEAVIEST DOMESTIC CAT ON RECORD IS 21.297 KILOGRAMS (46 LB 15.2 OZ).

CATS CAN BE LETHAL HUNTERS AND VERY SNEAKY, WHEN THEY WALK THEIR BACK PAWS STEP ALMOST EXACTLY IN THE SAME PLACE AS THE FRONT PAWS DID BEFOREHAND, THIS KEEPS NOISE TO A MINIMUM AND LIMITS VISIBLE TRACKS.

CATS HAVE POWERFUL NIGHT VISION, ALLOWING THEM TO SEE AT LIGHT LEVELS SIX TIMES LOWER THAN WHAT A HUMAN NEEDS IN ORDER TO SEE.

FIRST RAIN...

It rained and it rained and rained and rained
The average fall was well maintained
And when the tracks were simply bogs
It started raining cats and dogs

After a drought of half an hour
We had a most refreshing shower
And then the most curious thing of all
A gentle rain began to fall

Next day was also fairy dry
Save for the deluge from the sky
Which wetted the party to the skin
And after that the rain set in

5. In India in the first week of June the monsoon season reaches South India till the mid of June it reaches north India

Journey to grotesque land...

Chris suddenly felt hungry after waking up in the middle of the night. He didn't have anything fresh to eat in his house so he decided to go out and find a place with decent food.

He was on his way to the nearest 24/7 store. While walking to his destination he took notice of his surroundings.

The trees being swayed with no breeze passing by, the empty path he was walking on and the eerie feeling of being watched which sent shivers down his spine.

He shoved his hands inside his pockets and picked up his pace. When he suddenly stopped as he felt someone whisper in his ear

"Christopher..." he turned around but didn't see a single soul.

He got creeped out and wanted to run back home as soon as possible. When he turned around a corner, he felt an unearthly presence lingering around him followed by the feeling of someone grabbing his neck.
