## RAKSHA BANDHAN

OUR COUNTRY INDIA IS KNOWN FOR ITS DIVERSITY IN RELIGION, CULTURE, CUSTOM, HERITAGE, LIFESTYLE, AND PEOPLE. DIFFERENT PARTS OF THE COUNTRY HAVE THEIR OWN SETS OF FESTIVALS AND ANNUAL OCCASIONS.

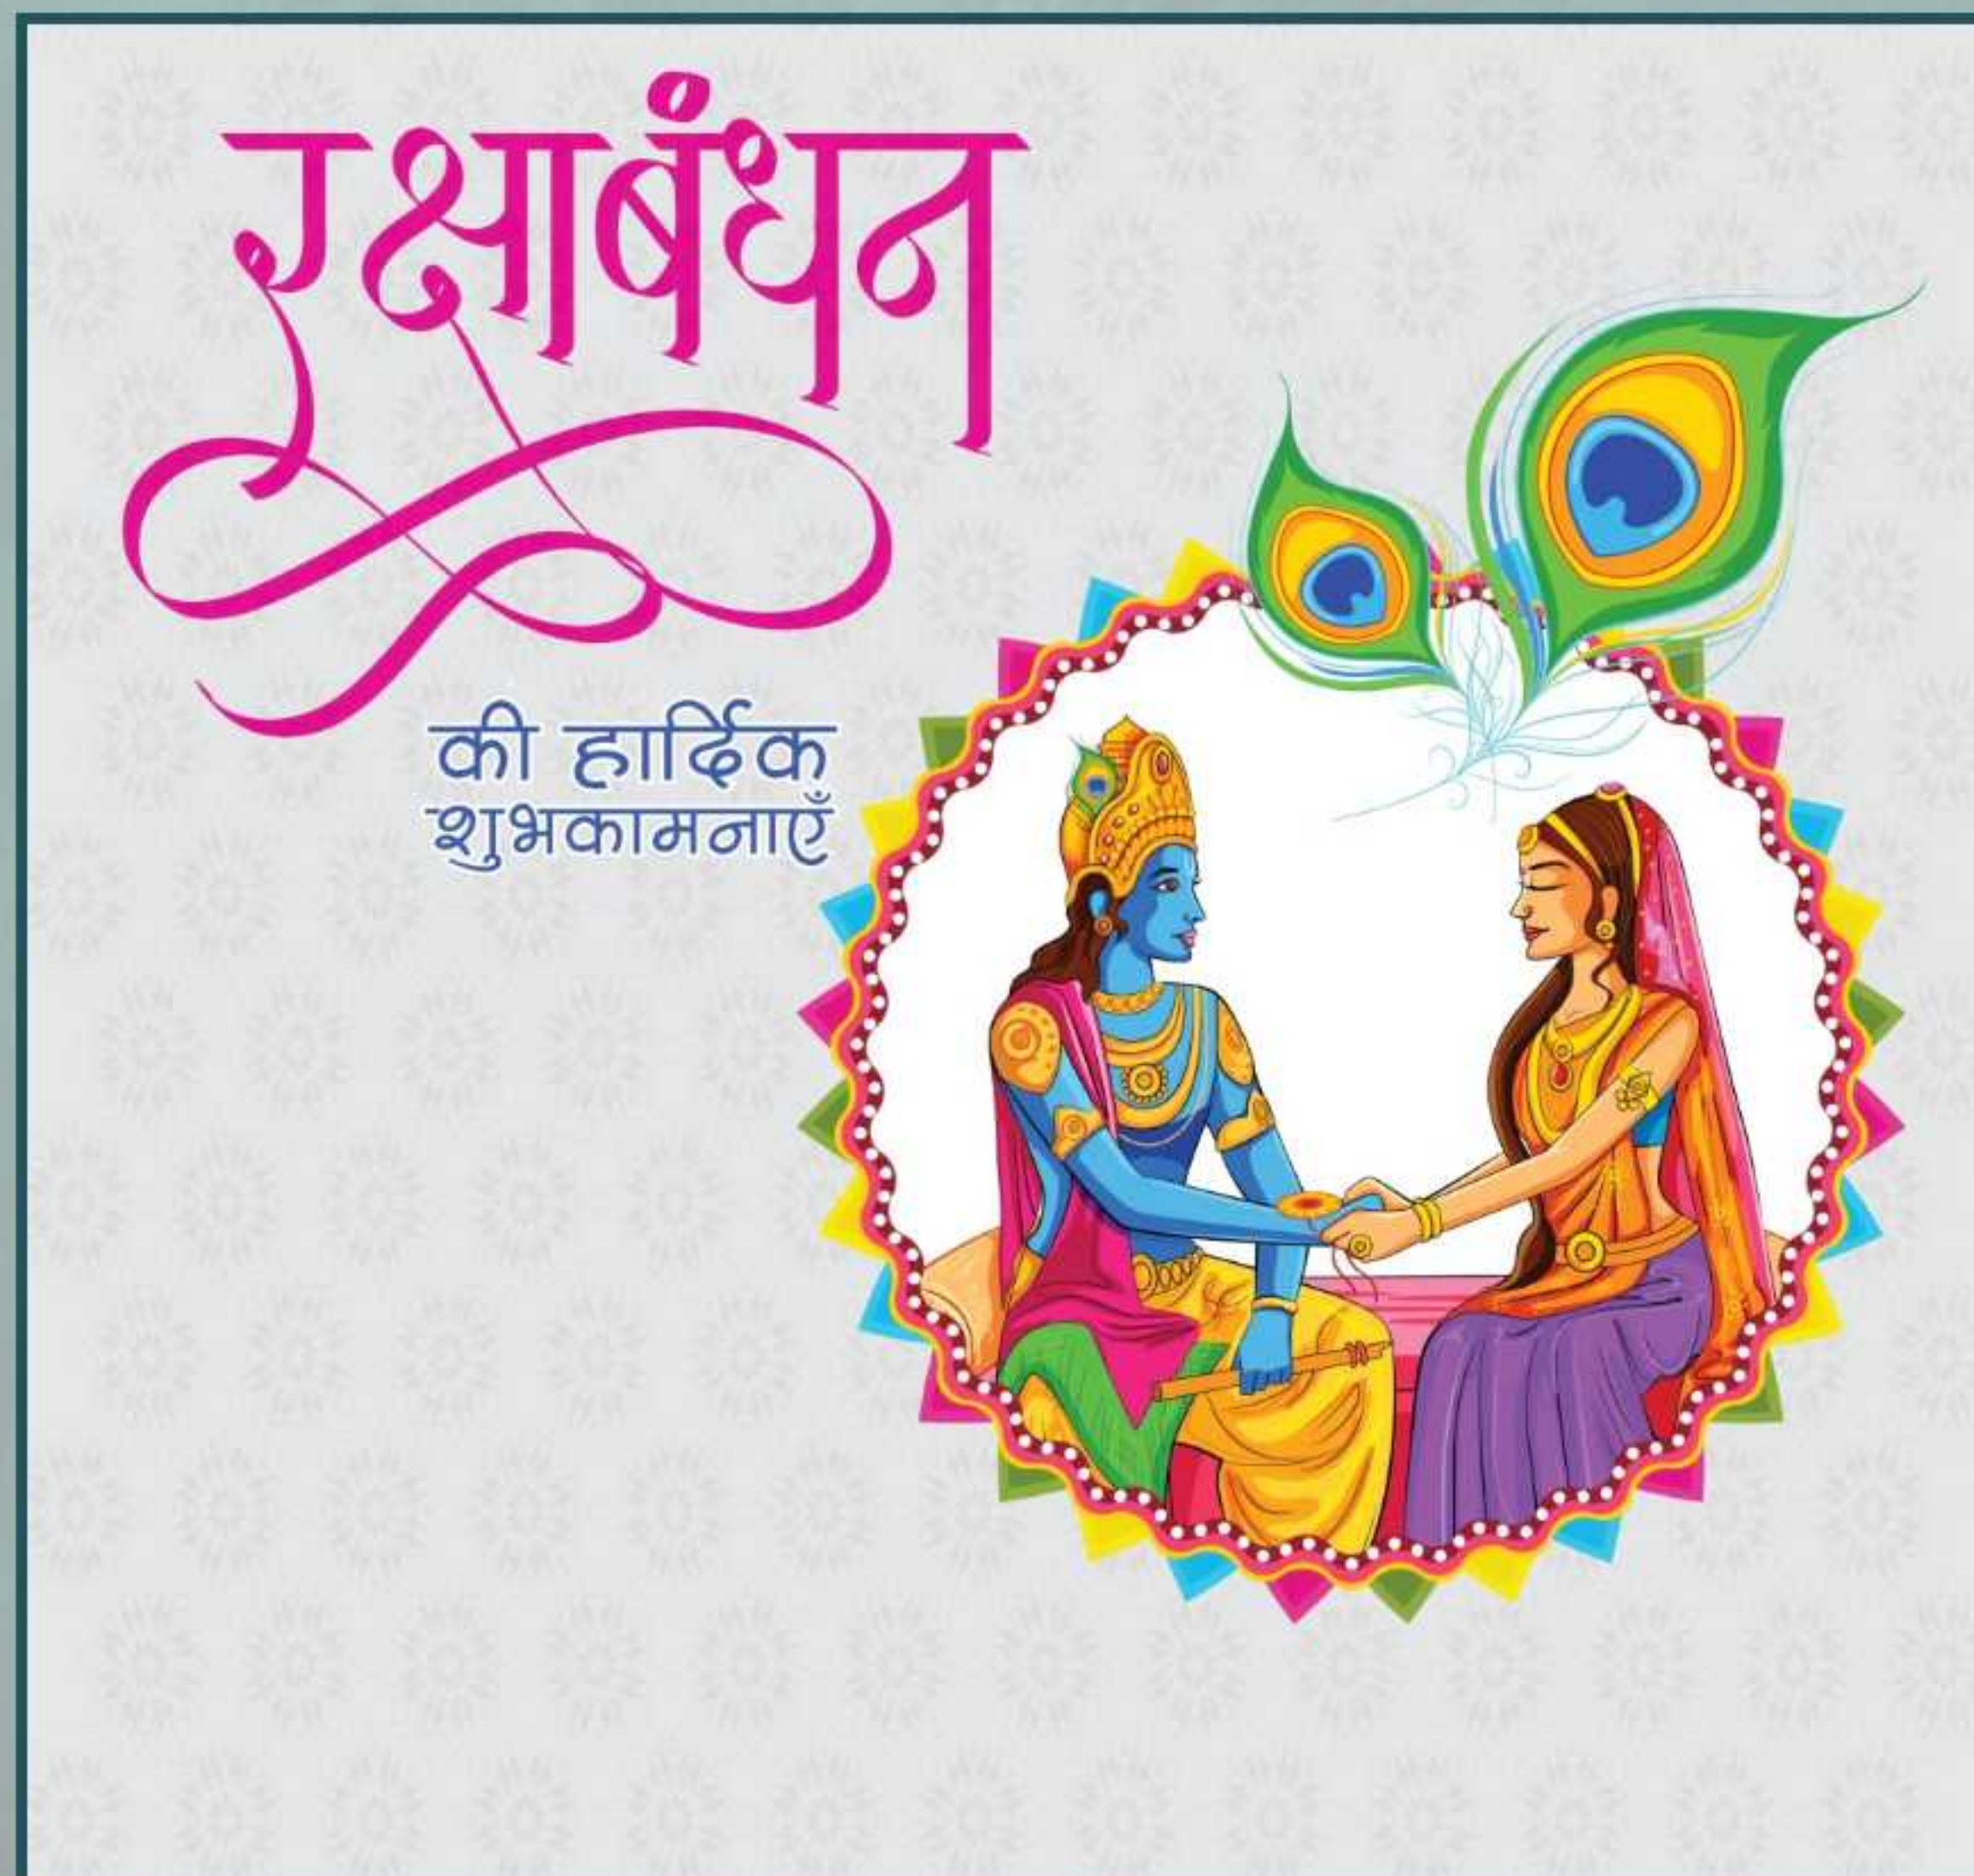

THE MONTH OF AUGUST IS ALSO THE MONSOON MONTH IN MOST PARTS OF INDIA AND ALONG WITH RAIN, THESE FESTIVALS BRING PLEASURE AND CONTENTMENT

The popular story of Krishna says, "The Lord is believed to have hurt his finger while dealing with sugarcane on the day of Sankranti. Both Lord's wives, Rukmini and Satyabhama, rushed to arrange the bandage for their husbands. But, it was Draupadi, who was present there, who immediately tore a small strip of cloth from her sari, and wrapped it around Krishna's finger.

The lord was so moved by this gesture of Draupadi, whom he used to call his "Priya Sakhi", meaning dear friend that he promised to protect her whenever she would be in trouble. The Lord is believed to have blessed Draupadi by uttering the word "Akshayam", meaning unending or endless.

The Lord kept his promise and repaid his debt by protecting Draupadi when she was being disrobed by the Kauravas in the open assembly of King Dhritarashtra. Her disrobement could not happen as her sari kept getting extended, turning out to be true "Akshayam", unending or endless – the boon the Lord had granted earlier to his dear friend.

Rakshabandhan means – the bond of protection – is the very essence of the festival of Raksha Bandhan.

# NAG PANCHAMI

The Story Is That Parikshit Was The Grandson Of The Pandavas. Who Was A Son Of Abhimanyu, Arjun's Son. Parikshit's Son Janmejaya Was Curious As To How His Father Had To Die. Knowing The Story Of His Father's Death He Took The Decision Of Destroying All Snakes.

King Parikshit Was Wandering In The Forest And Looking For Food. He Saw A Rishi In Deep Meditation. Parikshit Was Not Aware Of The Vow Of His Silence. He Was Repeatedly Asking Him Where He Could Find Food And Shelter. Nonreceipt Of Reply And Respect, The King Felt Insulted. To Insult The Rishi He Picked Up A Dead Snake And Placed The Snake On His Shoulders Of The Rishi. The Rishi's Son Got Very Angry Knowing That King Parikshit Had Insulted His Father. He Cursed Parikshit That The Poisonous Snake Takshak Would Bite The Man Within Seven Days. The Insulted Rishi Was Shocked To Know About The Curse And Informed King Parikshit Regarding The Implication Of The Curse. The King Listened And Accepted His Fate/Destiny Without Any Argument. But He Took All The Precautionary Measures To Avoid A Snake Bite.

As Usual, On The Seventh Day, Takshak Was Heading Toward The King's Palace To Bite Parikshit. Takshak Saw A Man On The Way And Enquired From Him Regarding The Motive Behind His Visit. The Brahmin In Reply Informed Takshak Confidently That He Could Save The King From Poison Of Takshak. In Return, The Brahmin/Medicine Man Wishes To Get A Lot Of Wealth From The King. Takshak Offered The Brahmin More Than He Was Expecting From The King. The Medicine Man Returned Home Happily. Takshak Converted Himself And Entered The King's Chamber As A Caterpillar Along With The Basket Of Fruits. Takshak Came To His Original Form And Bite Parikshit. Parikshit Died Of A Snake Bite.

Janmjoy Decided To Perform Nag Yajna, Which Would Destroy And Kill All Snakes. The Universe Would Be Free From Snakes. The Mantra Shakti Pulled The Snakes And Many Snakes Died During The Yajna. Only Aasteek Was Destined To Stop This Yajna. Aasteek Assured The Snake King, "O, King Of The Snakes, Do Not Fear. I Shall Help You To Get Rid Of The Curse. I Shall Go To King Janmejaya And Impress Him With My Knowledge And Request Him To Stop The Yajna."

Finally, Janmejaya Agreed With The Aasteek's Request And Stopped The Yajna. Rests Of The Left-Out Snakes Were Saved From The Fire Of Revenge.

# **VARLAKSHMI VRATHAM**

Like Every Festival, Varamahalakshmi Also Has Its Own Origin Story. This Story Starts With Lord Shiva Telling Parvati About The Varamahalakshmi Vratam. Lord Shiva Narrates The Story Of A Brahmin Woman Named Charumathi Who Lived In Magadha. She Was A Highly Devoted Wife And Daughter-In-Law To Her Family. Looking At The Sincerity And Devotion Of Charumathi, Goddess Lakshmi Was Highly Impressed And Appeared In Charumathi's Dream Asking To Be Worshipped As "Varamahalakshmi" And All Of Her Wishes Will Be Fulfilled Soon. The Vratam Is Said To Be Performed Before A Full Moon Of A Sravana Month By Goddess Lakshmi. After Hearing About Charumathi's Dream, Her Family Encouraged Her To Perform The Puja Considering It Was The Goddess Lakshmi That Asked Her To Do So, And The Other Women In The Town Joined Her As Well.

# KRISHAN JANMASHTAMI

## Shri Krishna And His Birth

The Story Is That The Brother Kamsa Decided To Imprison His Newly Married Sister Devaki And Brother-In-Law Vasudev After The Divine Akashvani (Divine Announcement) Stated His End Would Be At The Hands Of The Eight Children Of Devaki And Vasudev.

By The Time The Seventh Child Was Conceived, The Gods Had Decided To Intervene. They Reached Out To Goddess Yogamaya And Had Her Transfer The Fetus From The Womb Of Devaki To The Womb Of Rohini, Vasudeva's Other Wife Who Lived Far Away From The Prison In A Village Of Gokul. The Child Was Then Delivered Through Rohini. He Is Known As Balarama.

When The Eighth Child Was Due, Kamsa Got Nervous. They Had Been Under House Arrest All These Days, But Now He Shackled Vasudeva And Put Devaki In A Proper Prison. The Child Was Born On The Eighth Day Into The Dark Half Of The Month, And It Was Pouring Rain And Thunder. A Child Was Born, And A Miracle Happened. The Prison Doors Opened By Themselves – All The Guards Fell Asleep – The Shackles Broke. Immediately, Vasudeva Saw That This Was Divine Intervention. He Picked Up The Child And Walked To The River Yamuna As If By Intuitive Guidance. Though The Whole Place Was Flooding, He Found To His Surprise That The Flood Which Crossed The River Was Sticking Out, And He Could Clearly Walk. He Walked Across And Went To The House Of Nanda And His Wife, Yashoda. Yashoda Had Just Delivered A Girl Child. She Had Had A Difficult Labor And Was Unconscious. Vasudeva Replaced The Girl Child With Krishna, Took The Girl Child, And Returned To Prison. Kamsa Came And Saw That It Was A Girl. He Grabbed The Child By Her Legs And Wanted To Crash Her On The Floor. As He Was About To Do This, This Child Slipped Out Of His Hands, Flew Out The Window, Laughed At Him, And Said, "Your Slayer Is Elsewhere." Meanwhile, Krishna Was Placed In The Community Of Gokula. Despite Being The Son Of A Chief, He Grew Up In An Ordinary Cow-Herding Community.

# CELEBRATION OF DAHI HANDI

Students Celebrated With Enthusiasm The Festival Dahi Handi.

Dahi Handi Represents The Way Lord Krishna Lived His Life. According To Mythology, He Was Very Fond Of Butter And Curd While Growing Up. He Even Used To Steal It From His Neighbors' Homes. Because Of This, He Is Sometimes Referred To As "Maakhan Chor".

Yashoda, His Mother, Became Quite Irritated With This Behavior. She Then Proposed That The Butter, Curd, And Milk Be Hung Up High Enough For The Young Krishna To Be Unable To Reach Them. To Obtain The Butter, However, Krishna And His Friends Would Construct Human Pyramids. From There, They Would Proceed To Divide The Butter Among Themselves And Enjoy It..

Dahi Handi Is An Integral Part Of Krishna Janmashtami Celebrations. It Includes An Earthen Pot Filled With Curd (Dahi) And Butter (Makhan), Ghee, Sweets, And Nuts, That's Hung At A Height. Then, A Group Of People Make Human Pyramids And Try To Reach The Earthen Pot And Break It. This Ritual Is Celebrated A Day After Krishna Janmashtami.

# GANESH CHATURTHI

The Festival Of Ganesh Chaturthi Finds Its Origin In The Maratha Reign, With Chatrapati Shivaji Maharaj Starting The Festival. The Belief Lies In The Story Of The Birth Of Ganesha, The Son Of Lord Shiva And Goddess Parvati. Although There Are Various Stories Attached To His Birth, The One Most Relevant Is Shared Here. Goddess Parvati Was The Creator Of Ganpati. She, In The Absence Of Lord Shiva, Used Her Sandalwood Paste To Create Ganesha And Put Him To Guard While She Had Gone To Bathing. While She Was Gone, Lord Shiva Got Into A Fight With Ganesha As He Did Not Allow Him To Enter, As Per His Mother's Orders. Enraged, Lord Shiva Cut Off Ganesha's Head. When Parvati Saw This Sight, She Took The Form Of Goddess Kali And Threatened To Destroy The World. This Worried Everyone And They Requested Lord Shiva To Find A Solution And Calm The Rage Of Goddess Kali. Shiva Then Ordered All His Followers To Immediately Go And Find A Child Whose Mother Has Her Back Towards Her Child In Negligence And Bring His Head. The First Child Seen By The Followers Was That Of An Elephant And They, As Ordered, Cut His Head And Brought It To Lord Shiva. Lord Shiva Immediately Placed The Head On Ganesha's Body And Brought It To Life Again. The Rage Of Maa Kali Was Calmed And Goddess Parvati Was Overwhelmed, Once Again. All The Lords Blessed Ganesha And The Day Is Today Celebrated For The Same Reason.

# PART 2 OF THE STORY OF CHRIS

Chris Woke Up With An Awful Headache. He Didn't Know Where He Was, All He Noticed Was A Tall Lady In A Silk Dress In Front Of Him. "You Are Finally Awake" Her Voice Echoed In The Room "Where Am I?" Chris Asked Hesitantly.

She Sighed And Gave Him An Apologetic Look "You, Christopher Are Currently Dead"

His Eyes Widened And His Body Stiffened "I Don't Understand... I Don't Even Remember..." He Trailed Off Trying To Think Of What To Say

"Please Don't Overreact, Let Me Explain. A Ghoul Managed To Escape From The Underworld And Unfortunately Chose You As Its Second Victim" His Mind Drifted Off After And He Was Left Speechless "So A Ghoul Killed Me? What Is That Like A- Ghost?" He Asked Breezing Past The Fact That He Was Murdered, He Wanted To Deny It For As Long As He Could "Close, I Believe You Humans Call It An Evil Spirit?"

Because That Makes More Sense

"So I'm Actually Dead?" She Shook Her Head "Temporarily" His Head Hurt More "Lady, What Do You Mean?"

She Sighed Again, Losing Patience "The Entity Is Still At Loose... If You Can Find Its Whereabouts Within Three Weeks, You May Continue Living The Rest Of Your Life" He Felt As If His Brain Was Going To Burst "So What You're Saying Is If I Catch That- Ghoul, I Get A Second Chance At LIFE?"

SHE SIGHED AND GAVE HIM AN APOLOGETIC LOOK "YOU, CHRISTOPHER IS CURRENTLY DEAD"  
HIS EYES WIDENED AND HIS BODY STIFFENED "I DON'T UNDERSTAND... I DON'T EVEN REMEMBER..." HE TRAILED OFF TRYING TO THINK OF WHAT TO SAY  
"PLEASE DON'T OVERREACT, LET ME EXPLAIN. A GHOUL MANAGED TO ESCAPE FROM THE UNDERWORLD AND UNFORTUNATELY CHOSE YOU AS ITS SECOND VICTIM" HIS MIND DRIFTED OFF AFTER AND HE WAS LEFT SPEECHLESS "SO A GHOUL KILLED ME? WHAT IS THAT LIKE A- GHOST?" HE ASKED BREEZING PAST THE FACT THAT HE WAS MURDERED, HE WANTED TO DENY IT FOR AS LONG AS HE COULD "CLOSE, I BELIEVE YOU HUMANS CALL IT AN EVIL SPIRIT?"

### Technological Evolution

Technology adds significant value at every stage of development starting from planning to execution, thereby increasing productivity. India has come a long way in channelizing its resources effectively. From smart cities to the Prime Minister attending the G20 summit virtually, online schools to online shopping, e-Seva to gas bookings, and many more. It is impossible to reach these milestones without technology. Technology infused digital learning is hidden from none. It empowers each student by giving them the ownership to learn in their own way. There is excess to any topic one desires to explore. With this digital technology, it gives more information to the students to gain more knowledge about their school work. There are lots of technologies that were integrated into the classroom that help the students learn with comfort, and that allows the student to gain and recall more information.

Chemistry deals with the matter that forms our environment and the transformation that matter undergoes. Chemistry is connected with the composition, structure, and properties of matter. In fact, it is a science of atoms and molecules. Chemistry is important because it helps explore things that are unknown to mankind. Chemistry is solely responsible for explaining the world you live in, apart from explaining cooking, cleaning, medicine, and environmental issues; chemistry is in essence the study of everything.

If you are interested in the subject that explains the miracle of life, we are more than happy to include your work in the magazine.
